

## Installation Instructions

### Upholstered Booths - Singles & Doubles

#### Necessary Tools:

1. Drill with Phillips #2 or Square Head
2. Anchors to anchor booth to the floor (your choice)

#### Instructions:

1. Place the correct booth in the location shown on the floor layout.
2. Anchor booths to floor using concrete screws of your choosing. Place 2 anchors per side for singles, 4 per side for doubles.
3. Insert the seat at an angle so that the front of the seat is up, making sure that the back blocks are under the back assembly.
4. The front seat block should be resting on the inside blocks of the upper base.
5. Push the front of the seat down until seat pops into place.
